IDEAL-Standard

Milano - via Ampère 102

Un tempo si fabbricavano apparecchi igienici con materiale assorbente e poroso, facile ride di germi. Avete simili apparecchi nel vostro bagno? Ebbene, ricordate: un nemico è in agguato nella vostra casa, potente e invisibile. Sbarazzateviene al più presto! L'Ideal-Standard fabbrica i suoi apparecchi con la Vitreous China, un materiale di struttura omogenea, impermeabile in tutto lo spessore, sul quale lo smalto ha unicamente la funzione di rendere la superficie esterna gradevole alla vista. Con la Vitreous China non esistono germi.

A new era of design

As society continues to evolve at incredible speeds, Ideal Standard is building on this unique heritage, challenging itself and its designers to once again imagine what's next. To take technological innovations and design to the next level. We are at the start of an exciting journey. Simplicity begins in tradition – and ends in innovation.

Ideal Standard is so much more than one of the world's leading manufacturers of bathroom products and solutions. We see ourselves as part of the community of architects and designers in the process of creation. In shaping the evolution of modern life. For over 100 years, we've followed a mission of Innovation and Design. We lead innovation with new shapes, new materials, colours and function, all with the needs of our customers in mind. And throughout our history we've cooperated with the leading designers of their era. Master Designers that have the unique ability to capture the essence of the time and translate that into designs that accompany and shape the evolution of society. This essence of design is what we want to capture again.

In the 1970s, Ideal Standard teamed up with Italian Master Designer, Achille Castiglioni, to create what was then known as the breakthrough architectural design in the bathroom area - and propelled the bathroom from a functional space into a living space the way we know it today.

When done right, a well-designed project completely transcends it's function and becomes timeless. Some of Ideal Standard's designs, created by Italian icons such as Ponti and Castiglioni are perfect testimonies of this principle. I am honored to follow in the footsteps of these Italian Masters and support Ideal Standard's continued journey to design and develop innovations that will once again redefine not only bathroom design, but design in general."

Roberto Palomba,
Chief Design Officer of Ideal Standard Group

GUARANTEE Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee many of them for a lifetime. Our guarantee is offered on all products that have been used in the manner for which they were intended, and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water bye-laws. In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installation. All ceramic products are guaranteed for a lifetime. Acrylic baths are guaranteed for 25 years from date of purchase. Bath panels, furniture, mixers, taps and showers, WC suite seats and cistern fittings are guaranteed for five years from date of purchase. Parts (including push button flush valves) are guaranteed for five years and will be replaced if found to be faulty. Cistern diaphragms, seals and shower seals are not included. The guarantee is transferable 'it applies to the product not the purchaser' provided guarantee registration details are passed on to the new owner.
